

Reusable Cotton Mask HWE-FM

Non Medical and Non PPE

Product Information

Washable cotton mask made from two layers of anti-bacterial cotton.

Features

- Washable cotton mask
- Made from two layers of anti-bacterial cotton
- Environmentally friendly
- Minimum order quantity of 10 packs of masks

Ideal for:

- Personal use for helping to minimise spread of germs and viruses
- Environments without high exposure risks
- Not recommended for medical use or as replacement for PPE, but may provide limited effectiveness against similar exposure risks where certified PPE is unavailable

Please note that wearing this face mask will not eliminate the risk of transmitting or contracting Covid-19 or other viruses. Users should at all times adhere to current government guidance.
